DEFENDANTS' UNOPPOSED MOTION FOR A STAY

Pursuant to 28 U.S.C. § 1659, Defendants Global Bio-Chem Technology Group Company, Limited, Changchun Dacheng Bio-Chem Engineering Development Company, Limited, Changchun Baocheng Bio-Chem Development Company, Limited, Changchun Dahe Bio Technology Development Company, Limited and Bio-Chem Technology (HK) Limited hereby move for an Order, in the form attached hereto, staying this action until the determination of the United States International Trade Commission ("ITC") in *In the Matter of Certain L-Lysine Feed Products, Their Methods of Production and Genetic Constructs for Production*, ITC Investigation No. 337-TA-571, becomes final. The grounds for this motion are:

Plaintiff Ajinomoto Heartland LLC and all the named Defendants are also parties to the ITC proceeding named above, brought under Section 337 of the Tariff Act of 1930. The ITC proceeding involves the same patent and the same issues as this action.

Pursuant to 28 U.S.C. § 1659(a), a district court must stay any claim of a civil action that involves the same issues as those involved in a proceeding before the ITC under § 337 of the Tariff Act of 1930, when the civil action involves parties that are also parties to the ITC proceeding, and when a respondent in the ITC action requests a stay within thirty days of being named as a respondent. The district court proceedings must be stayed until the determination of the ITC becomes final.

Here, all of the parties are also parties to the ITC proceeding. The ITC action was instituted on May 24, 2006. This motion is being filed within thirty days of the institution of the ITC proceeding.
